JASON MURRAY

FIRST TEAM MANAGER

I'm looking forward to tonight's game as we welcome both the Haringey players, staff and of course their supporters to the techsoc.com stadium for our 2nd home game of the season.

It's always a special occasion to play under the lights, and always creates a thrilling atmosphere for all involved. I'm always jealous of the players as they take to the field for these big games. We will be working hard to continue to raise our levels, and increase our points tally. We know what to expect tonight and will be fully prepared for tough and very noisy encounter today, from a strong passionate Haringey side.

Our last outing at the techsoc.com stadium was a narrow defeat to league leaders Stevenage, which saw us fall behind to an incredibly controversial opener. We dusted ourselves off, after all, officials will make mistakes just as much as players and coaches do.

We followed that strong performance up with an away day trip to Hutton, on what was a very breezy afternoon in the heart of Essex. It certainly wasn't our most fluid performance, however we discussed prior to kick off, all that ultimately mattered was the 3 points. We didn't want to leave the pitch today feeling we deserved more from the game like we all did last week.

We scored our goals in key moments and showed in flashes who we are, and what we are all about. The team that we want us to be is developing, and a work in progress. There are signs we are starting to click, and a feeling of optimism in the group as players are starting to return. We are two weeks away from having some very serious selection headaches to contend with.

However, I'm disappointed with our naive approach in the final minutes leading 3-1 that ultimately cost us a few nervy moments and their 2nd goal which was particularly messy. We need to improve in how we manage those moments and learn to kill off games in a more efficient professional manner.

I'm confident we will continue to develop and win football matches along the way. The plan is to add to that points tally by 3 more this evening.

Billy Robinson General Manager

A midweek game under the lights is always a personal favourite.

Picking up our first three points on Sunday felt massively overdue, having felt very hard done by the week before, with events we could not change the outcome of. However, the girls made sure nothing was in doubt with a comprehensive 3-2 win against Hutton. Two goals from Brooke Haylock and a goal and assist from Ammarah Ali in a game where we really should've seen a higher margin of victory, but ultimately 3 points on the table is the big takeaway from then.

With a few new faces since our first game against Bowers, and some more faces returning from holiday and injury, selection is already becoming difficult which is great to see, with every single one of the team fighting for their spot and some of the younger players looking to unsettle their more experienced counterparts. Tonight we see a few vital players return from holiday and injury who I expect will make a difference on their return.

And it goes without saying, the support from everyone involved makes a huge difference, whether here or not, it is greatly appreciated.

Billy

Haringey Borough FC

The Women's Team was formed in 1999 and competed in the Eastern Region Womens League winning promotion in its first season and then to its Premier Division for 2002/03; and there they have remained save for two seasons, the first being in 2011/12 following relegation to Division 1 from which they made an immediate Premier Division return as runners-up. Steady improvement began and we were extremely fortunate to have been approached midway through the 2014/15 season by renowned coach and former professional footballer Steve Browne who at the time was involved in the highly successful S & T Academy Girls football.

Steve was duly appointed Manager and preserved the Women's Premier Division status. In 2015/16 a mid table position was easily secured from an uneven campaign which included convincing away wins at the top 2 Clubs and some surprisingly disappointing performances against lower placed teams. In 2017/18, by Christmas the team were runaway League leaders only to be thrown off course by the tragic early death of Steve on New Years Day.

Haringey Borough FC

After a shaky period the Women re-asserted themselves to win the League Championship with their last League game of the Season and with it, promotion to the Women's Premier League and followed that up by adding the League Cup with a 5-1 win over Cambridge City to complete the double which was a fitting, lasting legacy for their Manager.

The loss of many of the successful squad, several to American University Scholarships, proved too much of a handicap at the higher level and relegation back to the Eastern Regional League was an unsurprising outcome. Now under the stewardship of Bobby Cato significant steps forward seem certain and promotion is again a realistic prospect. An exceptionally young and talented squad was unlucky to find itself in danger of relegation towards the end of the 2021/22 season due to a high number of odd goal defeats but pulled clear with 4 vital points from the last two games. They look capable of going places if they stick together when experience is added to their armoury.

The tie up with the Haringey Girl's Academy run by Adem Ali has proved massively successful and for the first time we are in a situation where talented young teenagers are ready and eager to compete for a place in the Women's squad as soon as they turn 16, although being a team substantially composed of schoolgirls in an adult League is not without its problems, but that did not stop them reaching the Final of The Capital Womens Senior Cup in 2023/24 and the Semi-final in 2024/25.
