JASON MURRAY

FIRST TEAM MANAGER

Today's opponents may be sitting at the bottom of the division, but don't let that fool you. Their recent performances, marked by narrow defeats against the likes of St Albans, Wroxham, and Harpenden, suggest they're starting to find their rhythm.

This means we're gearing up for a challenging encounter against a hungry side fighting tooth and nail to stay afloat.

We're not taking anything for granted; expect a tenacious battle! Last August, when we faced them at Hannikins Farm, we initially cruised to a comfortable 3-1 lead, only to be jolted by a late flurry of attacks that made the final score a nail-biting 3-2.

Our first game of 2026, we produced a commanding 3-0 win against Dussindale—a performance that left me particularly pleased. In the second half, we showcased a level of maturity that had been elusive, controlling the tempo and denying our opponents any meaningful forays into our penalty area. Our solid defence and disciplined ball control, coupled with our relentless desire to win those second balls, allowed us to dominate key areas of the pitch and secure a decisive victory.

A cheeky comment from the opposing coaches—likely meant as a jab—turned into a moment of satisfaction for all our staff as they noted,

“You're just set-piece FC now!”

Well, we've been putting in the work on those set pieces at training, and it's starting to pay off. We will continue to try innovating and improve in these areas looking to create organised chaos in the opposition penalty box.

While we're still on the hunt for the consistency we displayed from mid-September through October, we're determined to continue to climb up the league table.

Last week's postponed cup game (& Home walkover) against Charlton U21s was a missed opportunity for a thrilling event for our players, but on the flip side it also secured our spot in the quarterfinals of the Capital Cup. We're ready to chase success, even if it means facing tougher opponents from higher divisions in the next round.

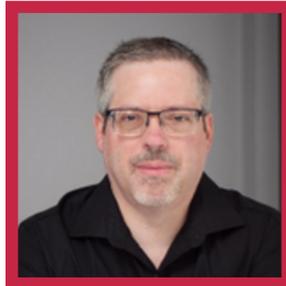

Let's continue to build momentum today and show what we're capable of!

Jason

CLUB SPONSOR-TECHSOC

The club is forever grateful for the support of Technology and Society, the home of author and speaker Curtis Frye. Curtis and his company began their sponsorship of the club at the start of the 2022/23 season. His continued and growing support is one of the reasons why the club is still here today. The start of 2026 saw a stalwart performance against a quality Dussindale and Hellesdon Rovers side. Our 3-0 victory featured resilient defense (sorry for the American spelling), impressive strikes for goals off second balls from set pieces, and digging in to win goal-line scrambles for and against. Who knows how the match would have gone without that clearance early in the first half.

Return fixtures provide a useful measure of how we're progressing as a club. Ginny and I were over for the Hutton match at the beginning of the season, making the quick train ride to Billericay to take in the action. Our 3-2 win was made a bit more hair-raising when the home side scored a late goal to pull within one, but the players stayed focused and saw things through.

I get to watch match videos through the Hudl website, which is welcome given that my base is all the way over on the west coast of the United States. The action is a bit hard to pick out at times, especially when it's near sunset and the action is happening at the west end of the pitch (away from the clubhouse), but I love what I'm seeing. The players are working together, the passing is crisp, and I can hear them communicating effectively.

I'm writing this a few hours in advance of our departure to London trip to see the next two matches this season. Ginny and I will be at The techsoc.com Stadium for this match with Hutton and the away match at Harpenden on 25 January. We look forward to our trips to London and can't wait to see the team in action.

Best of luck, Atlético!
